

Tōkia ki te hiringa matua o te taiao Become an intern in the NIWA Māori Graduate Programme

- Wellington based
- 12-month fixed term, full-time
- Start August 2020

The second intake for our graduate internship programme will provide one recent Māori science graduate (BSc or MSc) with an opportunity to learn and engage in delivering Māori environmental research.

The successful applicant will have the opportunity to engage, conduct research, and operate at the interface between science and Te Ao Māori by working across a wide range of active research projects within NIWA. The successful applicant will become part of Te Kūwaha, NIWA's National Centre of Māori Environmental Research.

They will gain experience in freshwater, marine and estuarine science, fisheries, aquaculture, climate change and hazards, social/humanities research and mātauranga Māori, while learning how to communicate effectively with Māori and work collaboratively across disciplines. They will assist researchers in their daily tasks and be mentored in collaborative and multidisciplinary research methods, literature reviews, developing fieldwork plans, collecting and analysing data and presenting their findings.

These 12-month full-time fixed term internships will start August 2020.

Applications close at 5pm, Sunday 19th July. Apply at niwa.co.nz/internships

About NIWA

NIWA is a dynamic research organisation whose purpose is to enhance the economic value and sustainable management of New Zealand's aquatic resources and environments, to provide understanding of climate and the atmosphere and increase resilience to weather and climate hazards to improve safety and wellbeing of New Zealanders. NIWA is New Zealand's largest and pre-eminent provider of climate, freshwater and ocean science.
